

# IMPACT REPORT

Because of alumni generosity, we have been able to fund several new projects at the Institute, including the Student Activity Center, Foundation Scholarship, School of Decision Sciences and Engineering, Convention Center, IIT (BHU) Main Library, the Advanced Vibration Lab, a new Entrepreneurship Fund, an Endowed Chair in the Metallurgy Department, and a Lecture Hall Complex.

1. Nikesh Arora (1989, EEE), in conjunction with Palo Alto Networks, donated a total of \$2M to establish the Access Fund, a needs-based scholarship for students preparing for technological careers. His donation has enabled full ride scholarships for 21 students in the 2021-2022 session, 22 students in the 2022-2023 session, 34 students in the 2023-2024 session, and 36 students in the 2024-2025 session to attend IIT (BHU) for a total of 113 scholarship recipients as of 2025.

The Foundation maintained its fiduciary responsibility to ensure that investment returns would be sufficient to support these students for four years covering fees and medical insurance. We believe that it is important to encourage more women in STEM, especially those who are economically disadvantaged.

2. Ramesh Srinivasan, (1982, MET) President & CEO of Agilysys (also Board member of IIT BHU Foundation) generously donated \$1.3M to establish a new Student Activity Center (SAC) for sports, benefiting students and faculty of the all-residential campus. The new Student Activity Center is equipped with new facilities ranging from new badminton courts to table tennis tables.

3. Boston-based renowned entrepreneur and philanthropist, Shri. Desh Deshpande and his wife Smt. Jaishree Deshpande, donated \$1M in honor of their father, Shri. Shreenivas Deshpande, a 1948 alum of Chemical Engineering from the then Benaras Engineering College (BENCO). This donation was used to build/renovate a new library, the IIT (BHU), Varanasi Main Library.

5. Jay Chaudhry (EEE '80), CEO and founder of Zscaler, donated \$1 million to fund IIT (BHU)'s Entrepreneurship Center with a focus on student development, faculty development, and entrepreneurship development. In addition to a professorship and a Software Innovation Center, the donation will fund a lecture series on software innovation and a software technology seed fund.

Prime Minister and Jay Chaudhry

6. Raj Yavatkar (ECE '80), IIT (BHU) graduate and CTO of Mountain View, California based Juniper Networks, has donated the IIT (BHU) Foundation with a US \$1.6 million donation. The donation will be used to build the Convention Center at the Institute in Varanasi, providing a transformational growth eco-system for the students on campus. The Convention Center will be known as the Yavatkar Convention Center.

7. Rajiv Khanna (MEC '79), IIT (BHU) graduate, has made a \$300k donation to the IIT (BHU) Foundation. The donation will be used to build the Advanced Vibration Lab, which will be known as the Vishvashanti Advanced Vibration and Dynamic Materials Testing Laboratory.

8. Dr. Hiralal Fotedar (Metallurgical Engineering, Class of 1966), a distinguished alumni whose illustrious career spans over five decades in academia, engineering, corporate leadership, public service, and philanthropy , and his wife, Patricia, have pledged \$240,000 to establish the: “Dr. Hiralal and Patricia Fotedar Endowed Chair in Metallurgy, Materials Science and Engineering” at IIT (BHU). This endowed faculty position aims to recognize and support exceptional educators and researchers in the Department of Metallurgical Engineering while promoting interdisciplinary research and innovation in materials science.

9. A generous family donation of \$120,000 was made in honor of Late Sri M. Ramakrishnan, an alumnus of Banaras Engineering College, BHU, Varanasi, and Smt. Malini Ramakrishnan. This donation will establish the “M. Ramakrishnan and Malini Entrepreneurship Fund,” dedicated to supporting 1–3 promising students each year, selected by the I-3 Foundation, who aspire to build startups, develop prototypes, and launch their own ventures. Through this fund, future entrepreneurs will receive not only financial backing but also the inspiration of a powerful legacy.

10. A transformative \$1.6 million gift was donated from esteemed alumnus Mr. Dave Goswami (Mechanical Engineering, Class of 1974). This donation will support the development of the new Lecture Hall Complex, a state-of-the-art academic facility designed to serve the growing needs of undergraduate, postgraduate, and doctoral students. The complex will feature three floors of cutting-edge classrooms and collaboration spaces, accommodating a total of 1,850 students.

# THE FOUNDATION

## **ABOUT US:**

IIT (BHU) Foundation, a non-profit body based in Albany, New York, USA, is a specific response to the need for a capital campaign to support IIT (BHU). It was started in 2020 by US-based alumni with the vision to foster the development of the Institute with capital raised through generous donations from IIT (BHU) alumni.

We function as the primary nodal point for the flow of donors' contributions to the Institute as well as updates from the campus on the progress of the implemented projects.

**IIT (BHU) Foundation is a US registered 501(c)3 organization. Your donations may be eligible for deductions on your US tax returns. Our Tax ID is 85-3447003**

## **OUR GOALS:**

At IIT (BHU) Foundation, our primary three pillars of focus are:

### **Campus Infrastructure:**

This will focus on advancing campus infrastructure – academic, residential and beyond. These infrastructure projects will mobilize resources to support a vibrant and thriving campus community to help seamlessly translate academic research into applied technologies and also to enable a flourishing entrepreneurial hub at IIT (BHU).

### **Research Sponsorship And Faculty Support:**

This focus will be on raising funds to bolster the institute's research objectives and support faculty-centric initiatives. It will encompass a spectrum of efforts towards fulfilling primarily two objectives:

- Sponsoring cutting edge research
- Attracting, recruiting and rewarding the best faculty on campus

### **Scholarships & Financial Aid For Students:**

Upholding its commitment to accessible and affordable education, IIT (BHU) Foundation provides scholarships and financial aid to students regardless of their financial circumstances. Thus, ensuring that the dream of studying at one of the most prestigious institutions of India shall not be hindered by financial constraints and alleviating students from any concerns barring the pursuit of knowledge.
